

Clinic Testimonials

Horse Clinics

The 5 day TTeam clinic with Robyn Hood (and Mandy) has given Rushki (my horse) and I more confidence in each other. She is more willing to try and there are less barriers in our relationship. Before float loading and bathing were troublesome along with having a moody attitude & being easily excited/nervous/tense. These issues are no longer a problem. We are more like buddies now. TTeam helped me to understand Rushki more through the various TTeam ground work, ridden exercises and TTouches. I have been using the Tteam work at home on Rushki since the clinic in Dec 2010. I really enjoyed the clinic and can see the improvements so will definitely attend further clinics

Kara Jantti

I feel extremely fortunate that I was able to attend a 2 day riding clinic late last year, conducted by Mandy Pretty and organised by Rebecca Booth. I must admit, as a new horse owner and this being my very first horse clinic, I really didn't know what to expect, however, I was truly blown away by those fabulous two days. What a wonderful approach to natural connected riding and the horse, and I enjoyed every moment of it. I was so inspired, that I now have a thirst to know and experience more; and as an animal Bowen Therapy practitioner, I feel that what I learnt over those two days could only be a positive added benefit to my work. Thank you so much Mandy and Rebecca for giving me the opportunity to widen my horizons with horses, especially my own.

Virginia Ede

TTouch has helped me gain confidence on the ground as well as in the saddle I feel a stringer connection to my horse ever since I started using TTtouch, it has been very useful to me in many ways with lots of different horses.

Tana Subotic

When I enrolled for the TTeam clinic I had little idea of what a life changing experience it would be. For 2 years I had been trying different alternatives to help deal with a very sensitive horse that had a list of issues a mile long. We were getting mixed results from the various methods we had been trying. But after 5 days at the TTeam clinic it was like I was leaving with a different horse. The icing on the cake was that the trainers were all fabulous, very knowledgeable as well as being very supportive.

Monique Batterham

TTouch changed my entire way of riding for the better in one 5 day workshop for which previous years of riding lessons could not. Mandy changed my entire way of riding Tiger with some simple postural changes during the course and since then it has never been better.
